It is an honor as a member of the Grammy's to help promote this exciting and challenging music contest to teens (14-18 yrs old) throughout Michigan and abroad!

As a musician, singer, songwriter I've dedicated over 15 years to the promotion of violence and substance abuse prevention through music and my television show "The Prevention Corner". I've been recognized by the Director of the F.B.I. the D.E.A. the RARE Foundation, The Parents Television Council and twice as the Crime Prevention Practitioner of the Year by the Crime Prevention Association of Michigan.

I'm so excited for this opportunity for young musicians to be recognized by the Grammy's and have your positive music shared with others around the world.

It's not to late! Check out this exciting opportunity to promote a positive message!
